

765LT SPIDER

FEATURES & OPTIONS GUIDE

McLaren

FOR THE FEARLESS. FOR THE FEW.

This is the next compelling chapter in the Longtail story. A legend that began in the heat of competition. In the heart of racing. The McLaren 765LT Spider uses the same wild V8 engine from the award-winning 765LT.

Bespoke carbon fibre bodywork. Pared back minimalist design. Advanced aerodynamics. All combine to ensure that power, speed and exacting poise are unrelenting. Uncompromised. Design and engineering boundaries have been pushed to the limit. And beyond.

Now the Longtail ethos of total driver engagement is taken to new heights... thanks to the 765LT Spider's ultra-lightweight single-piece carbon fibre Retractable Hard Top. This engineering artistry opens and closes in just 11 seconds. And in near silence. At up to 50km/h. Bringing the elements into the cockpit. And the intoxicating soundtrack from the quad exit titanium exhaust. LT is more vivid and engaging than ever. Just 765 will be made. Only for the fearless.

THE LONGTAIL ETHOS OF TOTAL DRIVER ENGAGEMENT IS TAKEN TO NEW HEIGHTS...

WITH THE 765LT SPIDER'S ULTRA-LIGHTWEIGHT
SINGLE-PIECE CARBON FIBRE RETRACTABLE HARD TOP.

STANDARD FEATURES

THE TECHNOLOGY

All the extreme essential elements are here. The ultra-light MonoCage II-S carbon fibre chassis. A 7-speed Seamless Shift Gearbox (SSG) with optimised gear ratios for lightning-fast shifts. And visceral acceleration. Plus Proactive Chassis Control II (PCCII) with hydraulic roll control and adaptive damping. Then, of course, there's the 4.0 litre V8 twin-turbocharged engine producing more power than any LT so far. This is no ordinary engine. Every single element has been designed, refined and made by us, ensuring your 765LT is a McLaren right to its very heart. Prepare to engage.

STANDARD FEATURES

THE COCKPIT

A minimal masterclass. A cockpit that puts you at the centre of the action. Only what you need is here. There's nothing to dilute the sense of total engagement. No air conditioning. No audio system. No floor carpets. But there are carbon fibre racing seats inspired by the mighty McLaren P1™. And plenty of lightweight, tactile Alcantara®. In the 765LT Spider, the cockpit can be opened to the elements in just 11 seconds. Adding another dimension of pure, unfiltered involvement.

EXTERIOR COLOURS

THE FINISH

Drama. Depth. Quality. The 765LT Spider has it all. So does its range of 18 stunning exterior colours. Each mixed and finished by hand. Three of the options are unique to the 765LT. Nardo Orange, Smoked White and Ambit Blue. There is also an evocative LT colour, Chicane Effect, first seen on the 600LT. A Longtail has magnetic presence. It radiates personality. Choosing your perfect paint finish will add your individual signature to this potent mix.

NEW AMBIT BLUE [ELITE]

A punchy, bold blue. Performance that turns heads. This instantly iconic colour pops against the contrast of gloss black or visual carbon fibre.

INTERIOR OPTIONS

MINIMAL. BEAUTIFUL. PERSONAL.

It's hard to define the material feel of an LT. But you will appreciate it instantly. Everything is pared back, lightweight, durable and tactile. Lightweight Alcantara® and contemporary carbon fibre are standard. And you can add individual flourishes with contrasting coloured stitching, soft grain Carbon Black leather, or additional carbon fibre trim elements. This is a driver-focused cockpit. It's also beautifully crafted and a place to express your individuality.
